

NAHB INTERNATIONAL MEMBERSHIP

National Association of Home Builders (NAHB) is the world's largest organization of builders, remodelers and building industry suppliers, representing more than 140,000 members worldwide.

International Member Benefits

- Connect with thousands of the **top home builders, designers, strategists and product manufacturers and suppliers** in the United States.
- Stay up to date on **industry news, best practices, innovation and trends**.
- Take advantage of in-person and online **education** and participate in **NAHB Councils and Committees**.
- Engage in the **Global Opportunities Network**.

GLOBAL OPPORTUNITIES NETWORK

The Global Opportunities Network recognizes that issues such as housing affordability, sustainability and resiliency are global in nature. Our goal is to be a bridge **connecting U.S. and international residential construction industry members**, cultivating a community focused on advancing best practices, fostering innovation and creating opportunity globally.

In pursuit of this goal, the Network hosts the **Global Home Building Symposium and International Central** at IBS each year. The group also recognizes achievements of industry professionals and entities via the **Global Innovation Award** and **Global Humanitarian Award**.

All International Members are automatically invited to join the Global Opportunities Network.
